Iranmehr, Khorramabad, Lorestan, Iran

Profile Summary

Hello, my name is Reza Dalvand. I have been working in the field of programming for several years. I am familiar with the front end (react, next) and worked in the back end (nodejs, nestjs) For 10 months, I worked in a Swedish company as a back-end, of course, the focus was on nodejs, but I also worked on react. I have been in many projects: feedopedia (Nodejs), rewording (Nodejs), plagiarism (Node&react). I worked as a Software Engineer in an Iranian company for 5 months I am interested in learning new things and I am interested in new challenges
